

COURSE OUTLINE

ISO 45001 Awareness

PURPOSE

ISO 45001 is designed to prevent work-related injuries and ill-health so as to provide safe and healthy workplaces. This sets a single benchmark for the management of occupational health and safety. An effective occupational health and safety management system will help you to protect and enhance your most important asset - your people.

Duration:
1 day

COURSE CONTENT

Specific Outcome 1

- Increase organisational resilience through proactive risk prevention, innovation and continual improvement.
- Strengthening of legal and regulatory compliance whilst reducing business losses.
- Demonstrates brand responsibility by committing to safer, healthy and sustainable workplaces.
- One global occupational health and safety system for all businesses, of all sizes.
